### U. S. WILL NOT RETURN SALUTE "GUN FOR GUN"

Mexican Dictator Quibbles Instead of Carrying Out Promise to Apologize for Insults

BULLETIN.

VALLEJO, Cal., April 17.—The orders of the Navy Department for provisioning and commissioning warships and preparing of a battalion of marines to go to the Pacific Coast of Mexico were revived today, a few hours after they had been rescinded by a telegram from Washington. The orders call for the purchase of additional stores in San Francisco for the cruisers South Dakota and Chattanooga, now at Bremerton, Washington, and the assembling of the marines at Mare Island.

The cruiser Cleveland will sail south as soon as she can after leaving the dry dock, and the collier Jupiter, now coaling at California City, is under orders to proceed to the Mexican coast.

WASHINGTON, April 17.—Huerta's latest equivocation over an apology to the flag of the United States has been met with an unqualified demand for a salute of twenty-one guns, as originally asked by Rear-Admiral Mayo at Tampico. The American warships will return it according to international custom.

This word went forward to Mexico City today after President Wilson and the cabinet had discussed Huerta's latest proposal, that the salute be a simultaneous one and that he be assured that the American ships will return his gun fire.

President Wilson and his advisors considered Huerta's answer and Secretary Bryan left the cabinet meeting to send the reply. It was brief and final.

"We intend to have that salute," said Secretary Daniels as he left the White House.

#### TEMPORIZING TO CEASE.

Other officials reiterated the intention of the American government to have no more temporizing, but a complete apology for indignities to the flag.

Senator Shively, called from an executive session to be informed of the counter proposition of Huerta for a simultaneous salute, expressed disapproval of such a course.

"There will be no simultaneous salute," the Senator emphatically asserted. "The salute must be fired by Mexico in the manner demanded by this government and in accordance with international custom."

At 3 p. m. White House officials explained the status of the situation as it is set forth in the foregoing.

#### ASK FOR DISAVOWAL.

Secretary Bryan made public the latest of Admiral Mayo's demands on the federal commander at Tampico for redress of his act in causing the arrest of the American bluejackets. They follow:

"In view of the publicity of this occurrence I must require that you send by suitable members of your staff formal disavowal and apology for the act, together with your assurance that the officer responsible for it will receive punishment. Also that you publicly hoist the United States flag in a prominent position on shore and salute it with twenty-one guns. Salute will be returned by this ship."

Any intention of recalling any ships of the fleet now bound to Tampico was abandoned and those close to the administration expected to see President Wilson's demand for an unqualified apology backed up.

### RITZ-CARLTON TO BUY CLAREMONT?

Hon. Montague Parker, Representative of Big Hotel Interests, Inspects Local Property

That the Claremont Hotel, which soon is to open its doors as one of the most elaborate hostilities in California, may be under the banner management of the Ritz-Carlton interests is indicated in special circles, following an inspection of the property by Hon. Montague Parker, representative of the Ritz-Carlton hotel, and a Pacific Coast visitor.

Parker looked over the property with Harold Havens and John E. Jordan, a prominent hotel business man and former hotel owner.

### HAVENS HAS FULFILLED PROMISE

Certificates Filed for the Faithful Performance of Contract

Mayor Approves Option, Which Does Not Bind Directors

The option for the sale of the Peoples Water company's properties to the proposed metropolitan water district, was signed today by Frank C. Havens, president of the company, and delivered to the city. At the same time certificates representing two-thirds of the capital stock of the corporation were placed in escrow in the Oakland Bank of Savings, to secure the faithful performance of the agreement set forth in the option.

The option provides for the sale of all the property of the Peoples Water company which in the opinion of the State Railroad commission, may be deemed necessary to provide an adequate water supply for the communities included in the proposed district, and at a price to be fixed by the State Railroad commission. The option will expire immediately in the event that the forthcoming water district election fails to carry, but will be continued in effect until January 1, 1915, to give the district an opportunity to make the purchase on the conditions named.

The option was prepared in the office of Assistant City Attorney Charles A. Beardsley, by Beardsley and Edward F. Enns, attorney for the city. Following the signing of the option and the placing of the stock certificates in the Oakland Bank of Savings, which is named as trustee for the proposed water district, the option was presented by Beardsley to the city council and approved by Mayor Wilson, who is chairman of the committee of southern mayors representing the communities to be included in the water district.

DIRECTORS NOT OBLIGATED. "This option is binding only upon Mr. Havens," declared Beardsley today. "It does not obligate the directors of the proposed water district."

### BULLET MISSES J. P. MITCHEL, BUT WOUNDS LAWYER

New York Executive Has Narrow Escape From Death; Assailant, Aged Man, Is Placed Under Arrest

NEW YORK, April 17.—AN ASSASSIN'S BULLET AIMED AT MAYOR JOHN PURROY MITCHEL, AS HE WAS LEAVING THE CITY HALL IN AN AUTOMOBILE TODAY FOR LUNCHEON, MISSED ITS MARK BUT BADLY WOUNDED FRANK POLK, CORPORATION COUNSEL.

THE MAN WHO FIRED THE SHOT WAS INSTANTLY OVERPOWERED. HIS NAME IS DAVID ROSE AND HE IS ABOUT 70. HE GAVE EVIDENCES OF BEING MENTALLY UNBALANCED.

THE BULLET CRASHED THROUGH POLK'S JAW, KNOCKING OUT NEARLY ALL HIS FRONT TEETH AND INFLECTING A SERIOUS, THOUGH NOT NECESSARILY A FATAL WOUND. HE WAS ASSISTED INTO THE CITY HALL, THEN REMOVED TO A HOSPITAL.

"Mr. Polk was hit by the bullet, but the bullet was undoubtedly intended for me," was Mayor Mitchell's statement.

Attaches at the City Hall said Rose had called to see the mayor several times lately but because of his queer actions, had not been permitted to see him.

ANSWERS NO QUESTIONS. While an ambulance surgeon was dressing Polk's wound, Rose was questioned by the mayor and a score of detectives. He refused to answer any questions about himself. Two letters addressed to Mayor Mitchell were found on his clothing.

The shooting occurred at the Park Row entrance to the City Hall Plaza, shortly after 1 o'clock. At that time Park Row is congested with hundreds of men and women on their way to and from luncheon.

Mayor Mitchell, Police Commissioner Arthur Woods and Polk had just left the mayor's office in the City Hall to go to a downtown restaurant for luncheon. The three were standing near the entrance to the City Hall when the shooting occurred.

The mayor, who was not hurt, and Commissioner Woods, who was following in the car named, as the mayor put down Rose dodged through the crowd on Park Row and walking up to a point opposite the chauffeur took quick aim at Mitchell and fired.

### ELEVEN DIE IN FIRE

Trapped in Blazing Tenement, the Occupants Are Doomed.

NEW YORK, April 17.—A fire that swept through a five-story tenement house in Eighth avenue early today claimed eleven victims and resulted in the serious injury of three others.

Only four of the bodies taken from a theatrical boarding house that occupied half of the building could be identified. The identified dead are WILLIAM WALLACE, 46 years of age.

MRS. NELLIE WALLACE, his wife, model.

MRS. GEORGE C. DAVIS, 3 years old.

The fire started in a pile of waste in the basement of a 5 and 10-cent store which occupied the ground floor. It spread rapidly up stairways and shut off escape. One man was killed in trying to escape over roofs. The fire was under control in less than an hour, but in that time many thrilling rescues were made by the firemen working from ladders in front and from windows of a nearby tenement.

Captain Smith, who was suspended by his feet from a window, prevented death when a ladder broke on which he was crawling from the burning building. Captain Smith seized Boylan and held onto him until both could be dragged to safety.

Choice Downtown Real Estate Sold

D. Edward Collins, former president of the defunct California Bank of Oakland, and H. D. Gaskill, a local capitalist, have sold to E. B. Thompson a large piece of property on the north side of Sacramento street, between Broadway and Telegraph avenue, deeds recording the sale having been placed on record with County Recorder today.

The terms of the sale were not made public but at the same time Thompson gave mortgages on the purchase totaling \$25,000. Of this sum, Collins and his wife assumed an indebtedness from Thompson of \$10,000, while Gaskill took a mortgage of \$15,000.

The property is opposite the gate at the corner of Broadway and Broadway street and Broadway.

The Carlton and Snyder building is now being completed, and across Broadway from the ten-story Thompson building at the northeast corner of Seventeenth street and Broadway.

patches to President Wilson today, said the negotiations were "encouraging, but unfinished."

White House officials said some details remained to be arranged, but that they did not relate "to the heart of the matter."

Officials learned that Rear-Admiral Mayo's demand was for a salute, "which will be returned by his vessel." This was pointed out as clearing up all questions relating to an acknowledgment of Huerta's promised apology.

Charge O'Shaughnessy's dispatches dealt with some questions of detail and did not close up the incident. Officials, however, said a settlement was not endangered. President Wilson changed his plan to go to White Sulphur Springs, West Virginia, tonight and will go tomorrow.

San Diego for Mexican service were countermanded.

### WILL NOT SALUTE HUERTA.

Naval officials said today that a departmental regulation which forbids a salute "in honor of any nation or of any official of any nation not formally recognized by the government of the United States" would not prevent an acknowledgment of the salute Huerta has promised to fire to the American flag.

Ranking officials point out that when the commandant at Tampico fires the salute President Wilson has demanded the reply of the American ships, according to precedent and form, will be directed, not to Huerta nor any other individual, but to the Mexican nation. Officials added that should Huerta himself appear in person he would not be saluted.

An official statement of the Navy Department was pointed out as explaining the situation. It said:

"If a national salute is fired as an amende honorable it is invariably returned gun for gun by a vessel of war of the power whose flag has just been saluted. This is in accordance with international comity and there are many precedents to establish the custom."

### WOULD NULLIFY APOLOGY.

The text of Charge O'Shaughnessy's dispatches did not make public, but it became known that Huerta's latest proposal was that, as his guns fired their salute to the Stars and Stripes, in apology for continued affronts to the United States, particularly the recent arrest of bluejackets at Tampico, the guns of the American fleet should reply to the Mexican salute, gun for gun.

### HUERTA WOULD PRESERVE DIGNITY.

Officials described Huerta's latest move as an act to preserve his own dignity before the Mexicans of that part of the country under his control.

While President Wilson and the cabinet will decide what shall be done, the opinion was expressed freely in official circles that nothing but a complete apology and such a salute as the United States demands would be accepted now.

Although Secretary Bryan, when he took the latest dispatches before the President, said the situation was "encouraging but not finished," and White House officials said the details remaining in dispute did not affect the "heart of the matter," it developed that Huerta's counter proposition for a simultaneous salute was regarded as another play for time, which probably would not be countenanced.

All the latest dispatches were laid before the cabinet. Practically all the members of the official family were said to be agreed that there should be no further temporizing.

# MAY FETE TO BE HOSPITAL BENEFIT

Affair Will Be Held at Idora Park During the Month of May.

Arrangements are fast being made for the large garden fete at Idora Park on May 2, to be given under the auspices of the board of management of the Children's Hospital of the east bay cities, and this May Day festival promises to eclipse anything of the kind ever attempted on this side of the bay. People from every walk of life—capitalists, professional men and women, philanthropists, business firms, organizations, and the like—are invited to attend.

The main feature of the fete will be the election of a Queen of the May, to be selected from the schools of Oakland, Berkeley and Alameda. The Board of Education will be asked for permission to place a ballot box in the hands of the principal of each school, or in some other convenient place where the candidates will gather votes each day, count them, and the winning girl will be announced, every evening, the day's vote. Votes will be free, so each candidate may roll up as big a poll as possible.

**MANY ROYAL ATTENDANTS.**  
Any girl between the ages of 13 and 15 may be eligible, the one receiving the largest number of votes cast in the three cities to be proclaimed May Queen. The four next highest girls will be appointed maids of honor to the queen. There will also be pages, ladies-in-waiting, attendants, courtiers, trumpet-bearers, etc., in the queen's train. She will be crowned amid scenes of splendor and given the keys of the three cities, where, seated on a throne erected in the park, she will reign over the fete.

Another feature of the day will be a floral parade. This will be composed of little girls, wheeling their doll buggies, the child having the best decorated outfit receiving a handsome prize. The queen and her attendants will head this parade.

There will be a May pole dance, a French and Irish show, fortune telling, kite-bag, fishing pond, country store and pony exhibition and riding.

**TO POSE AS PAINTINGS.**  
Living pictures will also be provided. The children, club and society groups posing in the representation of famous paintings. This will be one of the most distinctive attractions of the fete, and no end of surprises will be in store for all.

A number of "The Blue Bird" stage efforts will be reproduced, including that of Father Time and the unborn children and other well known scenic productions presented.

The board of managers ask that candidates be placed in the field at the earliest opportunity, as voting will have to be fast and speedy in order to elect the favorites within the next two weeks.

Mrs. W. T. Blackburn of 644 Sixty-second street, is president of the board, while Mrs. John B. Gilbert of Alameda is chairman of the garden fete.

In the evening a large dinner party will be given by the club members, and it will either be followed by a dance or some other diversion.

## Lee Name Chin Hung For Kim Yuen Murder

SAN QUENTIN, Cal., April 17.—Lee Name Chin, a Korean, was hanged here this morning for the murder of Kim Yuen, whom he shot from ambush as the result of a quarrel in September, 1912. The trap was sprung at 10:09 and Chin was pronounced dead at 10:23 o'clock. F. Y. Whang, a Korean missionary of San Francisco, who attended Chin, broke down as the black cap was being adjusted and was compelled to descend from the scaffold and leave the execution chamber.

The following telegram was received by President Chas. C. Moore of the exposition from the assistant secretary of state in Washington:

"American Ambassador at Madrid: government accepts invitation to participate in naval review in Hampton Roads."

## Three Teeth Extracted by Monkey Wrench in Row

BERKELEY, April 17.—An argument which arose this morning between a Petersen, superintendent in charge of the water district, and a Looney, engineer on the job, led to open hostilities between the two men. Finally, according to Petersen, Looney seized a monkey wrench and struck him a severe blow across the jaw, breaking three of his teeth. After Petersen had received dental attention, he secured a warrant for Looney's arrest on a charge of battery. Looney resides at the University Apartments.

## Gave More for Gum Than for Missions

SARATOGA, N. Y., April 17.—With the assertion that Americans spent \$2,000,000 more for chewing gum last year than all the Christian religious denominations gave for foreign missions, speakers before the Troy Methodist Conference today urged the clergy to put into operation a systematic plan designed to increase all benevolences.

## Suffragette's Bomb Destroys Theater

GREAT YARMOUTH, Eng., April 17.—A theater on the great recreation pier here was destroyed by a fire today that was caused by the explosion of a bomb left under a seat by a militant suffragette. ## WATER COMPANY FILES ITS OPTION

Deposits Stock Certificates to Faithfully Perform Contract.

(Continued From Page 1)

to purchase the Peoples Water company's property, it merely binds the company to sell the property under the described conditions in the event that directors in the district decide that they want to obtain it. If the district does not want the property and can obtain a water supply from some other source, there is no obligation to take advantage of this option.

Jurisdiction of the State Railroad commission and the attitude of that body in the matter of fixing a valuation upon the Peoples Water company's holdings and approving the

property as may be necessary for a metropolitan water district in the east bay cities, will be the subject of a lecture to be given by Max Thelen, member of the commission, Thursday evening, before the delegates of the Alameda county civic association in this city.

There has been considerable confusion on the part of various civic organizations of Oakland as to the part to be taken by the Railroad commission in the proposed purchase and as to what protection may be expected through the intervention of the commission. The lecture by Thelen will probably clear up the misunderstanding in this matter.

**OPTION TRANSMITTED.**

The letter transmitting the option and shares to the bank as trustee, and the option as agreed upon and signed by the Peoples Water company, follows:

Oakland, Cal., April 17, 1914.

To The Oakland Bank of Savings:

We hand you herewith:

(1) Option, dated April 17th, 1914, from shareholders owning two-thirds of the stock of the Peoples Water company, a corporation, running to you as trustee for a proposed water district described in this option, for the sale of properties of said Peoples Water company, a corporation; and

(2) 133,485 shares of the common capital stock of the said Peoples Water company, a corporation, being at least two-thirds of the total capital stock of said corporation, to be held by you during the life of said option, to guarantee the sale of said properties of said Peoples Water company, a corporation, in accordance with said option.

Oakland, Cal., April 17th, 1914.

We, the undersigned, severally being the owners of shares of the capital stock of the Peoples Water company, a corporation, aggregating at least two-thirds of the capital stock of the said corporation, hereby grant unto The Oakland Bank of Savings, a corporation, in trust for the water district, consisting of the City of Oakland, the City of Berkeley, the City of Alameda, the City of Piedmont, the City of Albany, the City of San Leandro, the Town of Emeryville, all municipal corporations, and of part of the unincorporated territory of Alameda county, which water district may hereafter be organized in accordance with that certain petition thereto filed with the Board of Supervisors of the County of Alameda, State of California, on or about the 31st day of March, 1913, the option to purchase at any time within fifty days from the 13th day of April, 1914, all of the properties of the Peoples Water company, a corporation, which, in the opinion of the Railroad Commission of the State of California, are necessary for supplying said proposed water district with water, at a price to be fixed by said Railroad Commission in accordance with the provisions of the Public Utilities act of the State of California.

**EXTENSION PROVISION.**

If an election is held in accordance with the aforesaid petition on or before the 2d day of June, 1914, and at such an election so held the formation or organization of said water district is authorized, then and in such event only the time for the exercise of the aforesaid option shall be automatically extended to the first day of January, 1915, and if, after the formation of said water district, proceedings for the purchase of said properties at said price are carried on in good faith, and it is found impossible to complete the transaction before the first day of January, 1915, then and in such event the option hereby granted shall be extended by the undersigned for an additional thirty days from and after said first day of January, 1915.

If, however, said election shall not be held on or before said 2d day of June, 1914, or if the proposition to form said water district is defeated at said election, or if said Railroad Commission refuses to approve said proposed purchase and sale, then and in either of such events the option hereby granted shall immediately and irrevocably become null and void; and said option shall in any event absolutely terminate on the 31st day of January, 1915.

This option shall be assigned by said The Oakland Bank of Savings to said water district immediately upon the formation of said water district.

## DISCRIMINATION IS SHIPPERS' CHARGE

Rates on Oranges and Grape Fruit Are Alleged To Be Unfair.

HELENA, Mont., April 17.--That rates on oranges and grapefruit from Jacksonville, Fla. to Montana points are excessive, the Interstate Commerce Commission has ordered a hearing today.

The testimony developed that the rate on oranges from Jacksonville to Montana points is \$1.75 per hundred weight and \$1.62 on grapefruit, the rate on both of the fruits from California to Montana being \$1.15 per hundred weight. It is sought to have the rate from Florida fixed at \$1.35.

The representative of the railroads submitted that the present rates conformed to all regulations of the Interstate Commerce Commission. Complaint also was made that the rates on sugar grapes from New York, Pennsylvania and other eastern points to Montana are so high that the dealers in this state are obliged to pay a higher price for the same grade of fruits from California. This complaint was up for hearing today.

He is accompanied by Lady Grey and their beautiful daughter, Lady Sybil. The party has been on an extended tour of Australia and New Zealand for the benefit of Lord Grey's health. # MY LAST HONORS TO A. B. TREADWELL

Various Fraternal Orders Take Part in Services for Deceased Jurist.

SAN FRANCISCO, April 17.—A half dozen fraternal organizations, including the Native Sons of the United States, the Danish Brotherhood and the Barbers, took part in the funeral services for the late Justice of the Peace A. B. Treadwell, which were held this afternoon.

During his lifetime the jurist had frequently expressed the wish that the men who had been close to him, should be the ones to say the last words and to arrange the simple service for his remains.

In accordance with this desire there was no clergyman in attendance and the words that were spoken and the ceremony performed were said and done by those who knew him best and loved him.

The pallbearers were Mayor James L. Smith, and Justices of the Peace Flood, Barnett, Conlon and Creighton; Supervisors George F. Gallagher and Andrew Gallagher, County Clerk H. L. Mulvey, Auditor Thomas P. Boyle, Treasurer John L. McDougald, Tax Collector Edward F. Bryan, and Thomas S. Williams.

The ceremonies took place at the family home, 829 Devisadero, and the interment was at Mt. Olivet cemetery.

# DANES OF STATE WILL CONVEENE

Hayward Will Be in Gala Attire For Annual Gathering.

HAYWARD, April 17.—Hayward will wear gala attire in honor of the State Danish convention, which opens here Tuesday morning. The town trustees will aid the two Danish societies in welcoming the delegates and have set aside a sum of money for the building of an arch of welcome which will extend across B and Castro streets. The Carnegie library, city hall and firehouse will also carry gay bunting and the American and Danish flags.

Merchants in town are decorating the front of their stores and the reception committee are meeting with the hearty co-operation of the whole community in giving the visitors a warm welcome.

Opening with an escorting parade Tuesday, April 21, the convention will go on all week in the headquarters in Danial hall, and will close Saturday with a grand ball in the Native Sons hall. Committee of the National Board of the Danes of the State will be in charge of the delegation to its military ball Tuesday evening in the armory and it is expected that over 500 of the soldiers and their friends will attend this affair.

Drill exhibitions by fair members of the Ladies' Society Valborg will be an attractive feature of the convention. Dressed in natty uniforms of white, with red waists, the girls who take part in the drill are a picture of neatness and with several weeks of training their exhibit should be perfect.

Mrs. Caroline Christensen is chairman of the large committee appointed by the Society Valborg to look after the convention arrangements, while M. Mosegaard is chairman of the Society Danial committee.

# ACID STOMACHS ARE DANGEROUS

Nine-tenths of All Stomach Trouble Said to Be Due to Acidity.

A Physician's Advice on Cause and Cure.

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have secured for him an international reputation, said in the course of a lecture that there are nearly all intestinal troubles as well as many diseases of the vital organs were directly traceable to a deranged condition of the stomach which in turn was due nine times out of ten to excessive acidity, commonly termed "acid stomach."

He stated that the acid condition of the stomach, which also set up gastritis and indigestion, was the most common cause of the acid and the stomach troubles with indigestion. Irritating medicines, he said, were useless, and that the only remedy was to neutralize the acidity of the stomach.

He said that the acidity of the stomach was the cause of the indigestion and that the only remedy was to neutralize the acidity of the stomach.

# MILLIONAIRE OIL MAN MARRIES FLOWER GIRL

Charles Victor Hall, of 'Red Plush Mansion,' Is Benedict

LOS ANGELES, April 17.—Charles Victor Hall, millionaire oil man, president of the Industrial Oil Company, well known in New York, Chicago and other financial centers, who was divorced by his wife, Josephine S. Hall, a year ago, because of his infidelity, has married a Paris flower girl, who was named Miss. Suetana yesterday in Rome.

Hall sent a cablegram to his business associates here telling of the marriage. He is 60, while his new wife is but 19. The cablegram stated that the newlyweds will spend a year in travel, after which they would live in Los Angeles.

Hall's infatuation for the flower girl first became noticeable when he brought her to Tampa, Fla., from Paris and established her in a most luxurious seaside home.

Later they came to Los Angeles, where Hall rented what became known as the "Red Plush Mansion" because of its plush interior.

This was installed at its head. This was too much for Mrs. Hall, and she secured a divorce and half of \$800,000 community property. She is living here, but tonight refused to comment on her former husband's marriage.

# GIRL ADMITS AIDING A \$4,000,000 FAKE

NEW YORK, April 17.—Jeanette C. Bankruptcy before a special referee here today revealed a frenzied finance plot which involved all who heard her. She admitted being the dummy head of a fictitious company and a figure in a scheme to defraud \$4,000,000 out of the country. Miss Jeff's testimony showed that the J. C. Jeff Company, of which she was supposed to be the head, never existed. A score of the company's checks bearing her signature was introduced. The witness said the firm name on the checks was "Jeff Company."

Miss Jeff's real position was that of stenographer for Max M. Hart, one of the main figures in the web of tangled financial deals involving the ruin of a dozen companies, the unloading of a half million dollars' worth of "fake" notes on fifteen banks and the complete wrecking of the First National Bank of Bayonne, N. J.

# HAYWARD TEACHER WILL BE BRIDE

Mrs. George Threlfall and Elliott Hall Will Take Vows Tonight.

HAYWARD, April 17.—Two pioneer families in the state will be united in the marriage this evening of Mrs. George E. Threlfall, daughter of Mrs. George A. Threlfall and Elliott Hall, formerly an official in the Standard Oil company and now an insurance man in Eureka. On account of the recent death of Mrs. Threlfall's father the ceremony, which will take place at the Goodell home on Upper Main street, will be a quiet affair.

Rev. B. D. Naylor of the Congregational church will officiate and only relatives and close friends of the families will be present. The couple will reside in Eureka.

Tonight's wedding has come as a surprise to many of Mrs. Threlfall's friends, as no formal announcement was made and the approaching nuptials were practically kept a secret. Mrs. Threlfall recently retired from her position as director of musical studies in the Hayward High and Grammar schools. She was born and reared in Hayward and has a large circle of friends here.

# HAYWARD COMPANY WILL BE INSPECTED

HAYWARD, April 17.—The inspection of the San Jose Company of the National Guard was witnessed by former Lieutenant Harry Holmes, first lieutenant Harry Bradford, second lieutenant Arnold Morris and Corporal N. W. Armstrong of Company H, located here.

Company H will be inspected by Captain W. C. Toomey, secretary of the United States army and the local soldiers are bent on making a spic and span appearance.

Clark is being treated by Dr. B. J. Mason.

REVISION PLANS  
STILL UNDER WAY

Chinese Constitution Changes  
Not Yet Decided on by Officials.

NEW YORK, April 17.—The revision of the provisional constitution of the Chinese republic still is pending, according to a cablegram received yesterday by Professor Jeremiah W. Jenks, formerly financial adviser to the Chinese government, from Wellington Ku, general secretary of the Wei-Chiao-Pu, or department of foreign affairs, at Peking.

A convention for the purpose of amending the constitution has been in session at Peking since March 13, and despatches have been published to the effect that a new constitution has been adopted, and purporting to give its outlines.

The cableman from Secretary Ku follows: "No constitution adopted yet. Revision of the provisional constitution is still pending. The sole aim of President Yuan Shi Kai and the cabinet in effecting revision is to secure a strong control government for the nation's welfare. The foreign advisers concur."

The convention while engaged in revising the provisional constitution has under close consideration the recommendations made by Dr. Frank J. Goodnow, legal adviser to the Chinese government and recently appointed president of Johns Hopkins University at Baltimore. One of the specific points suggested by Dr. Goodnow is the effect that the "China should adopt the system of the United States with regard to the position of the president, and not the French system of government, and the cabinet should be made responsible to the president, and not the national assembly."

TORPEDO COMPANY  
WILL APPEAL CASE

NEW YORK, April 17.—The E. W. Bliss Company will appeal from the decision of United States Judge Van Vechten Veeder of Brooklyn, restraining the sale of the exhibition of the company's torpedoes to other nations than the United States, according to a statement made by Arthur C. Fraser, chief counsel for the Bliss interests.

The secrets which American naval officers believe, give the American government superiority over other nations in the manufacture of torpedoes, are protected, in the opinion of these officers, by Judge Veeder's action, which was in the form of a permanent injunction against the Bliss Company. The suit was brought by the government.

The company contended it had a right to demonstrate the construction of its torpedoes to the Whitehead Company, a foreign concern with manufacturing torpedoes for the British and Japanese navies.

A lingering cough or cold which does not clear up in a few days, should be a warning. Preventive measures should be taken at once. In many cases, Eckman's Alternative has brought about recovery.

212 St. John's Place, Brooklyn, N. Y.

"Gentlemen: In the year 1904 I was taken with a heavy cold and a nasty short cough; consequently I failed in health. I then went to the Catskills, and seemed to get better, but the cough still kept up. I stayed there for one year and then went to the near Jersey City, a very sick man. About the time of my return my brother recommended Eckman's Alternative very highly. It is now nearly two years since I first took it. I am now well, and I dare say that I would have been buried long ago, if it had not been for Eckman's Alternative. (Address) JOSEPH J. TROSCHEER. Eckman's Alternative is most effective in bronchitis, catarrh and severe lung system. Contains no harmful or habit-forming drugs. # How to Overcome a Bad Constipation

There Is a Mild Laxative That Will Bring Safe and Pleasant Relief Over Night.

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

They should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of **Syrup Pepsin** at night before retiring and by morning relief will come, without disturbance from sleep or any inconvenience. Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who had suffered from constipation all their lives.

MRS. A. FRANKE

bought by families already familiar with its merits.

Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who has liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 415 Washington street, Monticello, Ill. A postal card with your name and address on it will do.

that when this shipload of Hindus arrives here they will have to return, as under the order, in Council, B. C. 367, artisans or laborers, skilled or unskilled, are not allowed to enter British Columbia. With these words Malcolm Reid, head of the Dominion Immigration department for British Columbia, yesterday disposed of a statement addressed to a Vancouver evening paper from London to the effect that German newspapers received in London contained a German cable company's message from Shanghai announcing the departure of the steamer Komagata Maru from Shanghai for Vancouver on April 14 with 400 East Indians on board, 200 from Shanghai, 150 from Hong Kong and the remainder from Nagasaki, the steamer having been chartered by a rich East Indian, Curdji Singh, in order to test what the Canadian authorities mean to do under the recent court decision that Canada is not justified in excluding natives of India.

"The truth is, we have had these rumors cropping up so many times for the past year that we pay very little attention to them," continued Reid in conversation with a local paper. "But this new order-in-council means that if they come after Kurji Singh, the carrier is admitted here, that is, if, as is presumably the case, they are laborers."

On course it may seem strange to see wealthy tourists, then they would come in as tourists and go out as tourists," added Reid, smilingly.

## ALAMEDA CLUB WOMEN HIGHLY PROGRESSIVE

Various Activities Represented in Their Organizations, and They Are Ardent Champions of Measures for Public Good

(By BETTY MARTIN.)

Alameda Club women are very much alive to the opportunities of today. There are numerous social clubs as many more strictly literary in character, others combining both instruction and pleasure. In addition the women of Alameda stand shoulder to shoulder with the men of the city in all matters pertaining to the public good. The Women's Improvement Club is one of the latest organizations with an expressed purpose of helping to make Alameda one of the "cities beautiful" to be shown our world visitors to the Exposition next year.

The innumerable activities of the Mothers' Clubs in Alameda needs no better demonstration than the statement that the California Congress of Mothers

last Section," of which Miss Mary Parkhurst is curator, Mrs. F. N. Nash gave an entertaining account of her personal experiences in Hilo.

MOTHER'S CLUB ELECT. On Tuesday the Haight School Mothers' Club elected the following officers: President, Mrs. E. O. Schetter, vice-president, Mrs. Charles Lomont, financial secretary and treasurer Mrs. W. H. Southern, recording secretary, Mrs. C. B. Hanagan, Mrs. Southern and Mrs. Hanagan were named as delegates to the convention of the second district of the State Federation of Mothers' Clubs, which meets in this city April 23 and 24. Mrs. J. E. Meyers and Mrs. Stanley were selected as alternates.

"SHAKESPEARE" AFTERNOON. Seven day county delegates are expected to be present, and these among eighty-three other representative women of California.

On Wednesday afternoon of this week the Executive Board of the club, which is the largest and most important of all, held a meeting in the hall of the Oakland Chamber of Commerce to determine upon the day's procedure. It was resolved to devote the forenoon to a discussion of resolutions, and the afternoon session will be held and devoted to talks given.

A BRILLIANT CLUB. Literary and social in its aims, the Adelpian is recognized one of the most brilliant aggregation of club women in the city of Alameda.

This week's program included many delightful features, among them an excellent musical afternoon under the direction of Miss Gertrude Froll, curator of the Music History Section.

Yesterday, before the Adelpian "Tour-

## SHOP MANAGEMENT HEARINGS ENDED

Louis Brandeis Declares Labor Should Support Efficiency System.

So-called scientific shop management systems were closed yesterday by the industrial relations committee with the testimony of Louis D. Brandeis of Boston. Brandeis told the commission that if organized labor set itself squarely against the introduction of these systems into industry, instead of demanding a part in them, it would lose the greatest opportunity which has ever presented itself to it.

Brandeis asserted that industrial unrest would continue as long as America was a "political democracy and an industrial absolutism." With labor represented in the introduction and conduct of efficiency systems in industry, Brandeis said he would see nothing in them that was not in accord with the interests of labor. He added that labor should demand regularity of work all the year round and that the day system was wrong and opposite the scientific management idea.

James Duggan, of Quincy, Mass., first vice-president of the American Federation of Labor, and John Golden, of Fall River, Mass., general president of the United Textile Workers, also were heard. The former favored a shorter working day and restriction of immigration to help solve industrial unrest.

Golden said he thought efficiency systems could not succeed unless they could change the workers' temperaments.

## GOLDSTEIN TO LECTURE UNDER K. OF C. AUSPICES

Plans are being made by the Oakland, Berkeley and Alameda Councils of the Knights of Columbus for a lecture to be given in St. Mary's College auditorium, Broadway and Hawthorne street, Sunday afternoon, 2:30 o'clock, April 25, by David Goldstein on the subject, "Christianity versus Socialism."

Goldstein is making a tour of the country under the auspices of the Supreme Council of the Knights of Columbus and is an accomplished speaker. He contends that the principles of Socialism are opposed to those of Christianity and gives basic reasons why the Catholic church is opposed to the doctrine. The lecture will be free to the public and a large attendance is expected.

The committee in charge of the lecture is composed of Hubert J. Quinn, Frank M. Cerini, Dr. Joseph L. Milton, Joseph A. Kennedy, Hugh Hogan, Walter Chown, C. D. Malone, D. Elmer Dyer and Walter J. Malone, who is district deputy of the Knights of Columbus, will be chairman.

Music will be furnished by the boys' band of the Young Men's Society of St. Elizabeth's church of Fruitvale.

## CHAMP CLARK TEACHER; SPOKE QUICK; GOT JOB

STOCKTON, Cal., April 17.—How Speaker of the House Champ Clark away back in 1874 applied to him for a position as teacher in a small village school and got it was told here today by W. N. Rutherford, prosecuting attorney of Stockton. At that time Rutherford was superintendent of schools of Randolph county, Missouri.

"One winter afternoon in 1874," said Rutherford, "there came a knock at my office door. Opening the door I beheld a well dressed young man who had the unmistakable appearance of a teacher."

"I should like to know," the young man asked, "if you have any vacancies that I could fill. I have had some little experience as a teacher."

"What is your name?" I asked.

"Champ Clark, sir," was the immediate answer.

Like manner and tone of the young man that I decided to give him a position immediately. I assigned him to a village school some distance from the county seat and he made good in a hurry."

CHAMBERLAIN'S LINIMENT. This preparation is intended especially for rheumatism, sprains and like ailments. It is a favorite with people who are well acquainted with its splendid qualities. Mrs. Charles Tanner, Washburn, Ind., says of it: "I have found Chamberlain's Liniment the best remedy for lame back and sprains I have ever used."

It is of great benefit in all cases of rheumatism, sprains, etc., and is sold in all drug stores.

## 'Bird Day' State Holiday.

Oklahoma this year set aside one day and called it "Bird Day," on which the people of the State, headed by the Governor and including thousands of school children, took a day off and renewed and made an acquaintance with the feathered creatures that play such an active part in the world's economy. Reports indicate the observance was more general than expected.

Splendid idea! California and the other States could follow the example with great profit. "Bird Day" should be a national holiday. Arbor Day is observed in all parts of the Union, trees are planted in public places, great men make speeches. Johnny Jones attends and listens, open-mouthed, to gifted orators; Mary Smith recites:

"Woodman, spare that tree; touch not a single bough.

In youth it sheltered me, and I'll protect it now."

When the ceremonies end Johnny Jones goes home much impressed with the importance of trees, then gets cut his sling-shot and tries to slay as many birds, natural protectors of the trees, as he can, in order to improve his marksmanship.

that if birds should disappear, in less than two years humanity would vanish from the earth, except in the frigid regions. The insect world would make the globe uninhabitable save for the exceptions noted. Trees, flowers and vegetation would disappear and the lesser orders would be exterminated. The birds by their activity keep down the pests and yet we permit the slaughter to go on and look at the destruction of these useful creatures with equanimity, even encouraging it in some instances.

The farmer grubs the worms in plowing time and starts war forgetting that the bird made his crop possible by the reduction of the insects that otherwise would have destroyed it. The grain-grower murders the little fellows for eating a few grains of wheat, the recollection of his good offices in following the plow and eating destructive grubs previous to planting having been eradicated. The orchardists get angry at the presence of the singer pecking at ripe fruit, failing to remember that the bird is the mortal foe of the codling moth. Yet the sum total of cherries, grain and other products consumed by birds is insignificant when the great good performed is considered.

We should conserve birds. Teach Little Johnny their importance and tell him to shoot at a pan or any inanimate object. At the same time impress upon the ignorant alier that because he wants a pot pie is no excuse for his roaming the fields killing everything with wings. A "Bird Day" would be a means of disseminating needed knowledge of birds and their importance and in starting a movement Oklahoma has taken a step in the right direction.

## Boosting California Raisins.

Governor Johnson has issued a proclamation designating April 30th as "Raisin Day," thus giving official recognition to one of the leading products of California. This action was taken at the request of the raisin growers of the State, which had previously arranged for celebrations throughout the San Joaquin valley, the raisin belt, for that day.

Of course the State will observe the event. While the bands will not play everywhere nor the civic and military organizations indulge in parades, there will be a practical observance in this that everyone will eat raisins. The hotels and cafes will serve them in many forms and the railroads will put them on the dining car menus, besides advertising them extensively through the east.

This is a highly practical method and hitherto has been productive of good results and increased consumption, and growers of other commodities might find it to their financial advantage to emulate the action of the raisin-growers. The State will get behind any similar movement.

## Another Factory for Oakland.

Announcement by the attorneys of the Shredded Wheat Company of Niagara, New York, that it has accepted a proposition made by the Realty Syndicate for two blocks of ground in West Oakland at a price of \$50,000, on which will be erected a big plant for the making of the well-known wheat biscuit, is gratifying and in line with a suggestion made by THE TRIBUNE a few days ago, that cereal products can be manufactured here and the money kept on the coast, instead of being sent east.

The wheat of California is especially adaptable for the shredded biscuit, which is a toothsome article of diet. The factory will furnish employment for a large force of men and when completed the people, not only of Oakland, but of all California cities, should patronize it, for the reason it keeps money at home, aids in building up industry and its success will be an incentive to other concerns to locate on the Pacific slope. A volume could say no more.

Sir Cecil Spring-Rice, British Ambassador, has informed the Pilgrims' Club of New York he will be unable to attend public dinners until after the canal tolls and Mexican affairs have been settled. Sir Cecil has evidently been reading the reports of the case of our own envoy Page and desires to avoid any repetition of trouble.

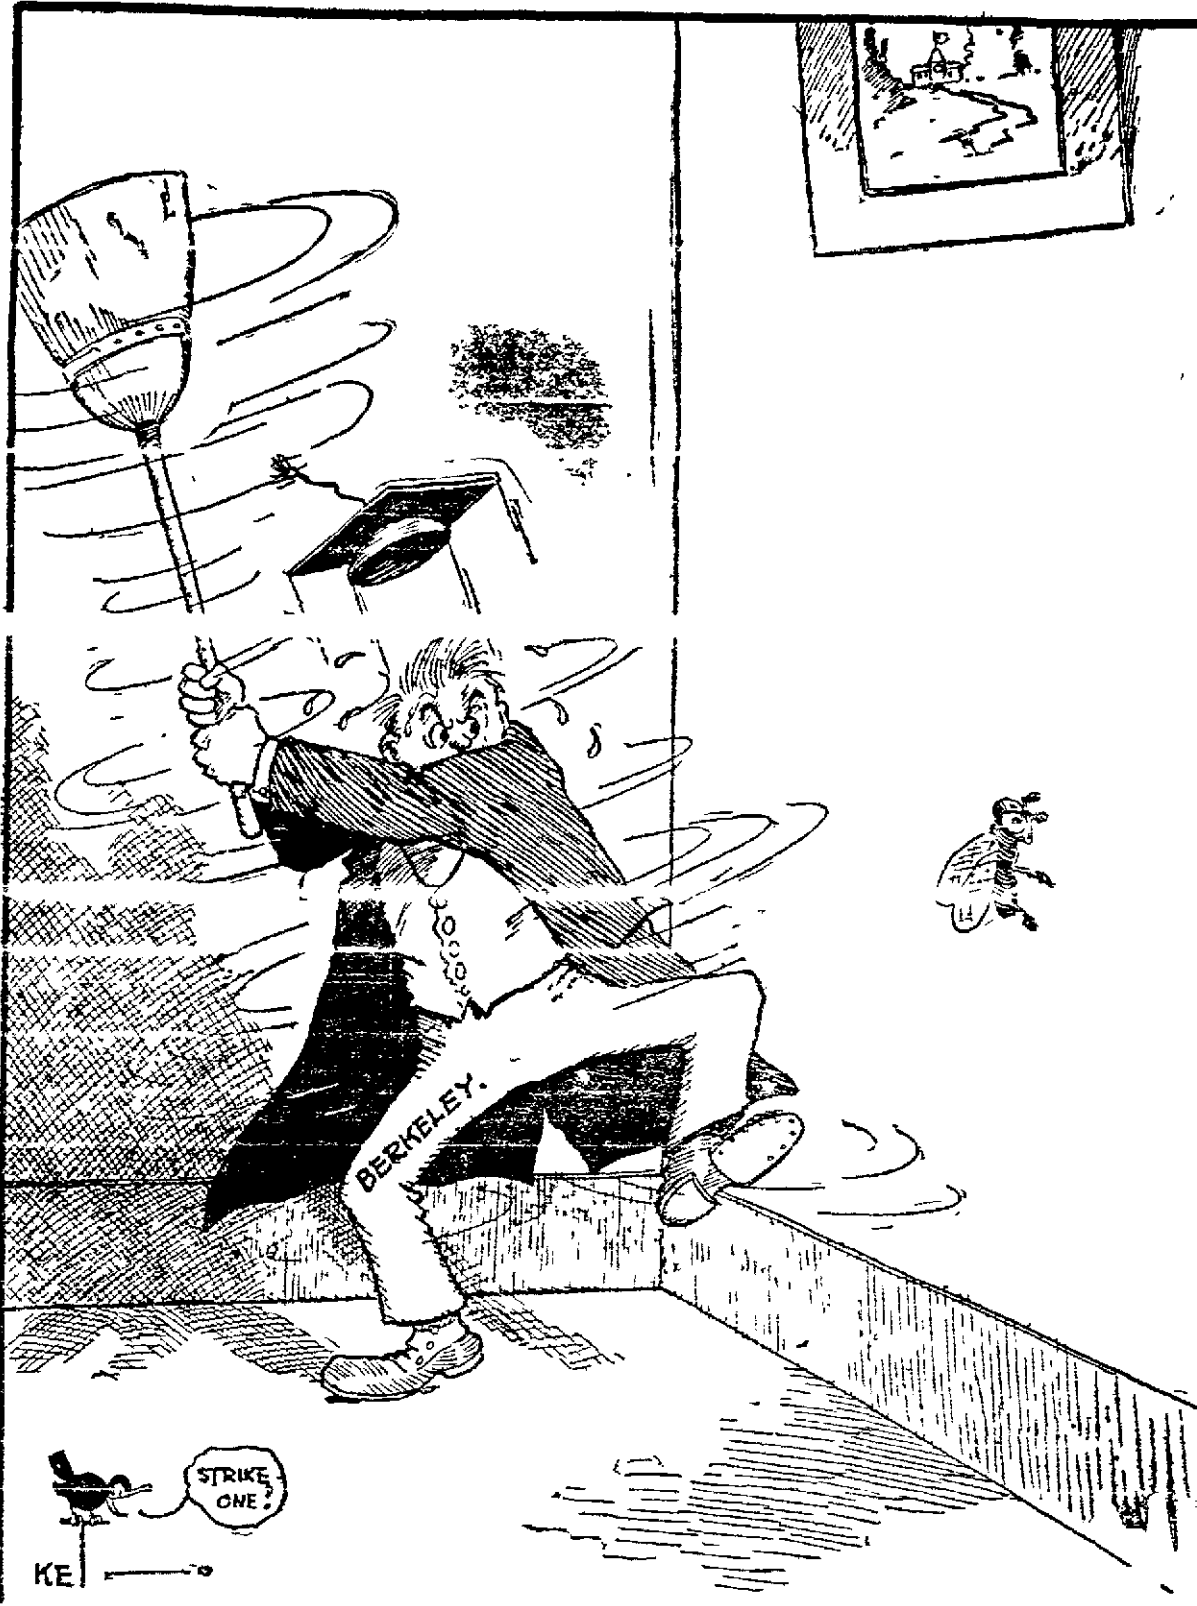

Huerta's "manana" policy failed to work.

Richard Croker declares that while Murphy is not dishonest he is "pig-headed," and says he will return to New York and assume the active management of Tammany once again. Which means there will be something lively doing in New York politics this fall.

Without intending to reiterate, we announce that once more has "Mother Jones" been released. We confidently expect to live to see her able to leave Colorado provided these daily "turn-loose" articles are continued.

For failing in mathematics a grandson of General Robert E. Lee has been dismissed from West Point. But he was the star quarterback and best hitter on the baseball team, so while he may not hope to achieve a reputation equal to his illustrious predecessor, there remains a chance that some day he may be spoken of with as much breath as Ty Cobb.

### THE SPIRIT OF BARTER

A boy should respect what is given him and cherish it.

That is the theory fine and prim, but in the case of a boy who has received a new pair of shoes, the theory is often forgotten. The boy in the picture is a typical example of the spirit of barter. He has just received a new pair of shoes, and he is looking at them with a mixture of awe and wonder. He is standing in a field, and he is looking at the shoes as if they were something new and wonderful. He is not thinking of the fact that he has just received them, and he is not thinking of the fact that he should cherish them. He is simply looking at them with a mixture of awe and wonder.

On these I set a covetous eye and bartered my magnet for them with eager haste. The wings of the butterfly were rubbed and broken, and in due season I received the marks of the whiplash upon my small body, but my nature had asserted itself, had longed, reached out and taken had come into its own, and that, after all, and that only is life.

When I was a boy no more and had begun to sense the length and difficulty of the war, when my friends with gentle glees pointed chaffing fingers at the hints of silver on my temples when my heart was hard hit with the miseries of disappointment and delay, and fate with its capriciousness and will meant generosity had heaped my hands with compensatory things, designed to comfort and assuage, the old spirit of discontent and hunger for the unpossessed surged through me like a flood, and again I went into the village and you were there!

If the world knew what happened in the village, it would doubtless argue, from its viewpoint, the difference between what I gave and what I got, allege that the wings of the butterfly were rubbed and broken, and foretell the falling of the lash, but with me the soul's demand is sacred, a trade's a trade; only our own can call us: life is good and the heights beckon. Let us climb them, you and I, strong with the strength of two, and vibrant with the thrill of complement and content.—From "The Things He Wrote to Her," by Richard Wightman.

People can enjoy living close to nature if they don't have to.

There are said to be married men who would prefer the other place if there is to be any meaning in human life.

### PSYCHOLOGY OF PRINT

In one respect only does cheap and rapid printing tend to have an unfortunate influence. The danger is lest we lose sight of the fact that the printed word is a powerful agent in the shaping of public opinion. The printer's ink irrigates the work of all corners admitted past the barrier of publication, whatever their abilities. Printers clap the same uniform on to the thoughts of Pushkin and Martin Tupper, on to Hardy's creations and to "Lady Mary's" social gossip. And the reader who is unable to detect nobility under a common dress is apt to run away with the idea that all thought and style are of equal value, because uniformly presented. Hence the peril of print to the masses. Hence the need to get insulated from the hypnotic influence of print, to remember the human factors behind the impersonal appearance of the printed page, and to grow your own thoughts.

## MACHINE MAKES MAN FLY WITH MIND ONLY

PARIS, April 17.—A new type of flying machine, the object of which is to enable a man to imitate birds in utilizing the wind to the exclusion of other motive power, was described last night at the congress of the Society of Savants. The invention is that of Dr. A. Magnan, and the flight it is intended to make is a kind of continuous volplane.

## HORSE WILL MEET OLD WHITE EAGLE

Tribal Custom Followed and Animal Placed on Grave of Chief.

PONCA CITY, April 17.—The finding of a white horse lying dead on the grave of a Ponca chief, for more than half a century, has been the subject of much speculation among the old men of the tribe.

The Ponca believe that the dead warrior's horse should accompany him to the world beyond.

White Eagle died recently at the age of 100. He was a man of powerful physique, striking features, a kindly manner, and a deep knowledge of his tribe's history.

He was the highest ranking warrior among the Ponca, and his death was a great loss to the tribe.

## GLASS EYE POPS WHEN MAN READS ABOUT MEXICO

### Strange Explosion Follows Perusal of Progress of the Fleets

HUNTINGTON, W. Va., April 16.—While reading a morning paper the glass eye of M. C. Canterbury, a farmer residing near here, let go with a loud explosion. Canterbury was not injured in any way, although the eye was shattered.

Canterbury was leaning over his paper with his attention riveted on a Mexican story when, with a loud report, his artificial eye burst, and a shower of glass fell on the paper.

The explosion was similar to that of an electric light bulb, and while there was much noise there was little force behind it.

Just what caused the explosion is explained by Mr. I. A. Beretta, of the local optician.

"In the first place," said Mr. Beretta, "the glass was not properly annealed or tempered, and, secondly, the glass in the eyeball must have been too thin to stand the strain of pressure. I might say for the benefit of glass eye wearers, that such an accident as mentioned above is not of a serious nature, the greatest danger from it being merely a possible laceration of the eye socket."

## Election Material for County in Three Cars

Three cartons of printed circulars, sample ballots and other election material will be Alameda county's allotment of the 32 cartons now being prepared by Secretary of State Jordan. It is estimated that there will be a total registration of more than 100,000 in the county by July 25, when the registration for the August primaries closes. To date the registration of the sample ballots to voters at the rate of \$5 each, will cost \$3000 for postage alone.

Chief Deputy County Clerk Johnstone estimates that he will have about three weeks to fold the circulars, place them in envelopes, address, stamp and deliver them to the postoffice. It will require the united efforts of the entire staff and it is probable that the deputies in the office will have to work overtime. One of the circulars is a 7-page folder containing a list of all the proposed constitutional amendments and initiative and referendum propositions.

## Deny Postponement Of Astor Wedding

NEW YORK, April 17.—No arrangement for postponement of the wedding of Vincent Astor and Miss Helen Huntington, set for April 20, have been made, notwithstanding Mr. Astor's illness. This announcement was made at the Huntington country home in contradistinction to reports that the ceremony had been indefinitely postponed. A postponement may yet be found expedient, however. Mr. Astor spent a comfortable night and was pronounced about the same today.

## PAPERS DISAPPEAR IN WAYMIRE DIVORCE SUIT

Rudolph Waymire, son of the late Judge J. A. Waymire of Alameda, obtained an interlocutory decree of divorce from his wife, Minnie Waymire, from Superior Judge Harris yesterday and after the papers in the case were taken from the files in the office of the county clerk, Chief Clerk Johnstone instituted a search for them and discovered that there was no record of them being taken out of the office by attorneys. The search brought to light that a number of important documents have been surreptitiously removed from the files without the knowledge of Document Clerk Peterson. The Waymires have been separated for the last year. The husband got a decree on the grounds of cruelty. Some time ago the family had left the county which resided in court proceedings.

## BEACHEY OUTDORE AT AERIAL FLIP-FLOPS

BEACHEY, Cal., April 17.—The record for looping the loop was claimed at Ascot Park this afternoon by Dr. Lloyd Thompson, who defied a strong wind to turn eight aerial flip-flops in his aeroplane. The greatest number of loops heretofore made was by Lincoln Beachey at San Francisco, where he established seven as the high mark. The loop by Thompson was made within 500 feet of the ground, and this is said to be the lowest at which the feat ever was accomplished in the United States.

## Presents Bill to Clear Oil Land Title

WASHINGTON, April 17.—To relieve oil men who have invested large sums in plants and facilities on the public lands of California and other states, Secretary Lane today recommended to the House public lands committee the enactment of a bill to clear, in certain instances, the titles to the land. The bill is designed to protect the equities and expenditures of the operators. It is believed it will save the government and the operators large sums which might be expended in litigation.

## THIS 'JIM THE PENMAN' JIMMED WAY TO \$596

SAN FRANCISCO, April 17.—Watching until a special policeman, who makes hourly rounds, had passed, the store which he had marked out as a likely place for entry, a burglar broke into the establishment of White & Farnsworth, stationers, 425 Montgomery street, early this morning. He obtained 19 dozen fountain pens valued at \$596.

## LECTURE BUREAU CHIEF, SPEAKER

BERKELEY, April 17.—Dr. Frederick V. Fisher, chief of the lecture bureau of the 1915 Exposition, was the speaker of the weekly luncheon today noon at the chamber of commerce at the Hotel Shattuck. Stress was laid by the speaker on the benefits that will be reaped by all California by the coming of many thousands of visitors to the fair from every point of the globe.

## COUNTY CLERK TO LOSE NATURALIZATION FEES

Superior Judge Waste has overruled the demurrer of the county clerk to a suit brought by the county to force him to turn over \$5000 collected as naturalization fees during the last six years. The court's decision in the matter, which was argued yesterday, is said to practically mean that County Clerk Cook will lose the suit and be forced to turn over the money to the county treasury.

## STUDENTS HOLDING ANNUAL FESTIVAL

Oakland High school boys and girls will attempt to establish a precedent this afternoon for a great annual spring music festival to be held in Oakland. Next year it is hoped that the festival may be held in the Municipal Auditorium, but this year the best auditorium available for the big event of this kind was found to be the canopied amphitheater at Idora Park, and this will be used.

Over 300 students, most of them members of the musical classes in the local high schools, will take part in today's festival. The program will contain ten numbers.

The most interesting feature of the program will be the rendition by the chorus and orchestra of two original compositions by two students in the harmony classes under Glenn Wood, director of music in the Oakland schools. Both are said to be of exceptional merit musically. They are "Twin Lilies," by Miss Lyle Gould, and "A Song of Summer," by Miss Gladys Vernon. It is planned next year to offer prizes for the best original composition.

Wilson pleaded guilty to the charge of disturbing the peace before Judge Lindsey and was given a suspended sentence of 30 days in the county jail for the alternative of entering in the army or navy before next morning. Wilson formerly served in the navy and promised to offer himself for enlistment under the conditions imposed.

City Fathers Forgetting Dignity, 'Rag' Neath Magic Spell.

Wied piper of Hamelin, who can outpipe the weird musician of German legend who led children away from their homes, dancing to his music, never to return. Staid city fathers have been led away by the modern piper of Hamelin, or rather, Hayward, and have been so entranced as to evince a desire to lose their dignity and "rag" in the council chamber.

"Rag" music seems to be quite as potential in its strange influences over human beings as the music of the past.

Of course, all the trustees didn't fall under the music spell. Mayor Charles Hever was one who didn't, but then he wasn't aware that ragtime was being played.

## WHO'S BUFFALO BILL? IT'S EASY; BUT ANSWER NOW

Noted Scout Will Himself Hand Prizes to Winners of Big Contest

An engagement to-night? Break it. Tired? Forget it. Get well—that is, well enough to write 200 words of your opinion of what is the best answer to the question: "Who is Buffalo Bill?"

For this positively is your last chance.

And the prizes are worth while—and they are worth trying for. Who knows? At the last moment, your essay might be a masterpiece, it might answer the question so well and so fully and in such a masterly fashion that your prize would be the first one on the list. Those prizes by the way, run as follows:

A first prize of \$15 a second prize of \$10 a third prize of \$5 a fourth prize of \$2.50 a fifth prize of \$1.25 a sixth prize of \$0.62 a seventh prize of \$0.31 a eighth prize of \$0.15 a ninth prize of \$0.07 a tenth prize of \$0.03

AN EASY SUBJECT.

An easy subject to write an essay on isn't it? For the scout has done many things in his life. He has been a plainsman, a scout, a guide for some of the best generals in the world, a friend of kings—there is all the latitude in the world if you desire to seek a prize in the contest.

And then, should you win, you will receive the prize from the hands of Buffalo Bill himself. For he is coming here, you know, coming Monday with the Selfie-Floto Circus and Buffalo Bill (himself) which is to exhibit here two days, Monday and Tuesday. Then, directly after

place of THE TRIBUNE and personally hand the prizes to those who have written about him and who have won a place in the award column of the contest.

And just suppose you should win! Even though it be a ticket to the circus! That's pleasure enough, isn't it? For the Selfie-Floto Circus and Buffalo Bill (himself) is twice as big this year as it ever has been before. Hundreds of acrobats and acrobatic, the Vocalists, the Hyvess, Captain Dutch Reardon and his

band, and her three bands of performing elephants—all these things only form a part of the performance of the circus.

Then, too, you know, there is Buffalo Bill and his retinue of cowboys, ranch girls, soldiers, Indians, riders and ropers, who will present a spectacle entitled "Warpath," and which will show the progress of civilization from the time of the frontier to the present day.

TO ANNOUNCE WINNERS.

Well, how about it. Going to come in at the last moment?

The winners of the prizes will be announced in Saturday's TRIBUNE and they should come to THE TRIBUNE of the Evening and Frank's streets on Monday morning to receive the prizes from Buffalo Bill personally.

## WERE TWO SLAIN?

Found in Fire Debris, Murder Suspected.

PIERRE, S. D., April 17.—What appears to be a sensational double murder was disclosed here this morning when the bodies of W. H. Menze, manager of the Farmers Lumber Yard here, which was burned last night, and his bookkeeper, were found in the debris.

The feet of Miss Smeal were tied with a wire and her hands were bound with a wire. Her skull had been crushed with a claw hammer, which was found nearby. Menze's feet also were found together and a wire was found on one wrist. The other end was broken and his hands were under him. His skull had been fractured with a hammer.

There is no clue as to the motive for the murder has been discovered. Menze and Miss Smeal were last seen alive when they went to the office about 8 p.m. last night to do some extra work. Miss Smeal had agreed to meet her mother at a clock when they were to attend a dance.

The fire was discovered about 11 p.m. and had started just back of the office. It had gained such headway before the fire department arrived that the bodies could not be saved.

THE CONTROVERSY AGAIN IN LIMELIGHT

WASHINGTON, April 17.—Interest in Congress in the proposed repeal of the exemption of American coastwise vessels from the payment of Panama canal tolls, which had to some extent waned during the last few days,

largely focused upon the tolls controversy which occupies the center of the stage on the senate side of the capitol. In the belief that the crisis in the Mexican situation has now passed, members of Congress today showed interest in the tolls question.

The senate committee on intercommerce continued today its hearings on the subject. A committee of the New York chamber of commerce appeared before the committee.

## SUBMIT BRIEFS IN ALASKAN CLAIM

Sensational Case Involving \$6,000,000 Mining Shares. Brought to Close.

E. T. Barrett and Clayton Harrington, representing Mrs. Ella Heim of San Lorenzo, and Attorney Oscar Hudson, who appeared for Jerry L. Wilson and his wife Alice, today submitted briefs to Superior Judge Trout in the mining suit in which \$6,000,000 is involved. The sensational case was thus brought to a close and the court is expected to decide

Heim's claim that she is entitled to a large share of the millions which have been realized from the discovery of one of the richest mines in Alaska. Mrs. Heim and her beautiful daughter aged 16, both of whom were witnesses in the case, have been in court attending to the trial and the earnestness with which they have set up their claims has caused remark from many of those present.

Mrs. Heim claims to have purchased Wilson's wanted to go to Alaska a great many years ago and as a result of this start given him she says he discovered the mines which are valued at approximately \$6,000,000. The present suit is to establish a trust and is the direct result of the adoption of Mrs. Heim of two little girls back in 1870. One of these Alice Nightingale, married Wilson and it is through that wedding that Mrs. Heim makes her claim to the valuable mining interest.

# RUMOR BOYNTON WILL QUIT FIELD

### Senator Refuses to Affirm or Deny Persistent Report.

SAN FRANCISCO, April 17.—Rumors that Senator A. E. Boynton would withdraw from the race for United States senator to succeed George C. Perkins who retires this year, were current in political circles today. Senator Boynton would neither affirm nor deny them, declaring that matters regarding his candidacy "stood just where they did last week."

His announcement, made some time ago from the Progressive standpoint as it was generally understood that Governor Johnson did not favor Boynton's entering the race.

The arrival of Congressman Joseph R. Knowland in California to inaugurate his campaign as Republican candidate for senator, is conceded by many well-informed politicians about the state to have practically forced a decision on the part of Senator Boynton.

When Senator Boynton announced his intention, some declared that he would run as a Progressive for the reason that he could see no reason for his having lost the support of Governor Johnson. It is said, although he had always been considered one of the chief executive's right-hand men.

## She Is Arrested as Kidnaper Woman Will Face Charges

MRS. MARY E. DAVIS, ARRESTED IN LOS ANGELES, FOLLOWING A TRIP ACROSS THE CONTINENT WITH TWO CHILDREN, ONE A GIRL DISGUISED AS A BOY, WHOM HER FORMER HUSBAND SELLS THE RETURN OF.

LOS ANGELES, April 17.—Details of kidnaping, flight, disguise, adventure and flirtation have been revealed in a peculiar story unearthed through the arrest of Mrs. Mary E. Davis on a felony charge preferred against her in Brookhaven, Miss. She is in the city prison and soon will be taken east to face the charges on which she has been apprehended and of which she declares herself innocent. She is declared to have stolen from her former husband two children, Eugene Hart, aged 9 and Teresa Hart, aged 7. The girl, according to the police, had been disguised as a boy.

The couple had disagreed and finally a divorce was decided on as the only method of straightening out the marital tangle of the family. She had reported, she says, as a part of the game whereby a divorce was to be obtained. Later, she says, she was to entertain a man at her home, and her husband, finding her there, was to file suit for divorce. Mrs. Davis carried out her part, but the witness her husband brought was an officer who placed her under arrest.

The story of how Mrs. Davis came to be caught has to do with chance. Her former husband, Julius P. Hart, a wealthy rancher, who divorced her four years ago, has been searching the country for her since she stole the children.

He offered a reward of \$100 for information about her and hired detectives, but failed to gain a trace of her.

### HUSBAND FINDS HER.

Primarily, M. E. Davis, her present husband, was responsible for her detection.

Coming to Los Angeles six months ago, Mrs. Hart went to be married. She met Davis through a flirtation—a handkerchief dropped and picked up. They were married a few weeks later.

Davis casually mentioned to the police that he had heard something about Mrs. Davis having kidnaped some children. A young woman friend of Mrs. Davis, with whom she had quarreled, provided additional information.

Before Mrs. Davis' arrest the police were searching for the children. When the mother brought them here she placed them with Mr. and Mrs. Griffin.

Recently they moved to their ranch near Palmdale and took the children with her. The children, who had been hurried over the country, concealed, boarded on and taken from one place to another under cover of darkness and with mystifying stealth, had forgotten their mother. They had come to believe Mrs. Griffin was their mother.

### CHILD IS TRACED.

Policewoman Hann and Sergeant Hoover traced the children to Palmdale. They were brought from there and placed in Juvenile Hall. They will soon be returned to their father who has not seen them since their kidnaping in March, 1913.

Mrs. Davis' career since then has been traced through letters secured by the police. She has had many adventures of an amatory nature according to these.

Sometimes using her maiden name, Mary Bulloch, and sometimes that of her stepfather, Watt, she went into several Texas towns. Dozens of letters from men of all types were found in her effects.

Mrs. Davis was divorced from her first husband in 1910. She allowed the Griffin to legally adopt the children, but their surrender will be asked for by the father.

## BRONCHITIS SUFFERER

**Takes Druggists' Advice With  
Splendid Result.**

If any one should know the worth of a medicine, it is the retail druggist who sells it every day in the week and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Cline of West Sand Lake, N. Y., writes: "For years I was a great sufferer from bronchitis. Last July I had a severe attack and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did with wonderful results. My cough has left me. I have gained in weight and appetite and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run-down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without oil, aided by the properties of tonic iron that makes Vinol so efficient in such cases.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not. The Owl Brand Co., Oakland, Calif.

## BERCOVICHES SELL OUT COMBINE TAKES STORES

### Three Cigar Establishments Pass Out of Independent Hands

Sale of three of Oakland's largest cigar stores, belonging to the pioneer Berco- vich family, to an eastern combine which is invading Pacific coast territory, but the name of which is kept a mystery, was consummated today. The stores were the most important of those owned by local and independent dealers. Outside corporations are now in control of the bulk of the retail tobacco business in this city.

The stock, fixtures and good will of the three Berco- vich establishments, in choice locations in the downtown district, have been sold for approximately \$100,000. The stores are those which were operated by William and Bert Berco- vich in the Central Bank building at Fourteenth street and Broadway, by Bert Berco- vich at the southwest corner of Twelfth street and Broadway and by Bert and L. Berco- vich

BERT BERCOVICH.

Stock-taking for the transfer of the stores will begin May 1. The sale was negotiated by Herbert Salinger of the real estate brokerage firm of Salingers. William Berco- vich will retain his cigar store in the Hotel Oakland.

The concern to which the Berco- vich family have sold is largely interested in the tobacco industry in the east and in Cuba, and aims to gain control, eventually, of upward of a hundred stores on the coast.

Bert Berco- vich entered the cigar business in Oakland twenty years ago at Ninth and Washington streets with a capital of \$200. He moved to the south- west corner of Twelfth and Broadway thirteen years ago.

## WRITES TO MOTHER THEN SHOOTSELF

### Mystery Surrounds Death of Oakland Youth in Chalet.

SAN FRANCISCO, April 17.—Frank McGraw, of 1730 Eighth street, Oakland, a youth of 20, who carried a ring with the initials "J. L." engraved upon it, killed himself in a shed at the beach chalet early this morning.

The police arrived at about the exact spot where an unidentified man of 60 killed himself early Wednesday morning, and the scene may have been chosen as the result of the newspaper account of the previous act of self-destruction. He was heard moaning in the shed by a passing citizen and discovered in a pool of blood. The youth was hurried to the Park Hos- pital, but was dead on arrival. A short note which cannot be deciphered in full, reads in part:

"My Dearest Mother: By this time I will be gone forever. I love you. Your loving son—Frank."

The young man carried a pawn ticket, showing that he had pledged his watch at the Eagle Loan office in Oakland yester- day for which he received receipt 3345. Besides the pawn ticket and seal- ing a membership button of the Brotherhood of Locomotive Firemen and Engineers, a key and a chain was found on his person. He had only 15 cents in cash.

## VALLEJO NEWS

### WANTS STATE TO FIX CITY RATES

#### Vallejo to Ask Commission to Take Action This Year.

VALLEJO, April 17.—Now that the voters of the city of Vallejo have author- ized the proposition of having the State Railroad Commission fix the rates for gas, electric lights and telephones in this city it is the intention of the city council to request the state body to fix the rates for the ensuing year. The city charter provides that the rates shall be fixed between February and July of each year, and in February the council re- ceived the statement of receipts and ex- penditures of the different departments for the past year.

It is not known definitely whether the railroad commission will agree to fix the local public utilities rates this year and in the event that it does not the city council will have to turn out the mandates of the city charter and estab- lish the rates before the first of July.

### FALLS FROM TANKER AT MARE ISLAND; INJURED

VALLEJO, April 17.—Only the fact that he fell into the water under the stern of the tanker Kanawha, now under construction at Mare Island, saved the life of R. M. Duncan, a young shipfitter's helper, at the yard this morning. Duncan was in the act of securing some tools from a high stanchion under the stern of the vessel when he slipped and fell twenty feet into the water which comes up under the vessel. During his fall he struck the stanchion and was badly bruised and injured across the back.

He was sent over to this side and taken to the Vallejo General Hospital, where he is under the care of Dr. Ream Leach- man, who reports that he will be several days before he can definitely ascertain the extent of Duncan's injuries.

The injured youth, who is the son of the cashier of the Bank of Utah, has been rooming at 620 Marin street, and is well thought of by the officers and em- ployees of the Hull division.

### BREAKS LEG IN FALL FROM SKIDDING BIKE

Chappell, met with a serious accident during the noon hour today when he was thrown from a bicycle and sustained a compound frac- ture of the right leg, the fracture occur- ing just below the hip. The injured boy, in company with Willie Topley, another lad, was riding down York street hill on a bicycle when the wheel skidded and he was thrown into the curb, throwing young Chappell against a fence and breaking his leg. Louise Heepner, who was passing, picked the boy up and carried him to Dr. Klotz's residence, where the fracture was reduced after which the boy was re- moved to his home. The break is very serious and will take some time to mend.

## ---We're going to let the cat out of the bag tomorrow!!!

—Well, you see, John Honey Moon's ship has come in at last!

—And there's a mighty lively struggle going on inside that bag, too, by the way.

—The bag holds the secret details of the magnificent new three hundred thousand dollar tract in Piedmont about to be placed upon the market by The Realty Syndicate Company of Oakland and the ship's name is "Opportunity."

—Tomorrow we will pull the strings and let the cat out of the bag and tell the whole story, describing and locating the property and giving as many details as possible.

—Sunday we will invite you out to see the tract, but if inconvenient for you to go out on Sunday, we will gladly give you details today or tomorrow at either our San Francisco office, 549 Phelan Building, phone Sutter 2657, or at our main office, Syndicate Building, 1444 Broadway, Oakland. Phone Oakland 4027.

—In fact, our autos will make trips to the property every thirty minutes, beginning to- day, to accommodate those who wish to make a preliminary examination of the site, altho the tract is far from ready, which is the reason why we have delayed our announcement of a definite opening day.

—"Some people prefer to see this prelimi- nary street work," suggested one of our

salesmen the other day. "They like to know just what's going in under the surface of the ground. I'd advise that you take any- one out on Saturday who wishes to go and let them see just what sort of work we are doing. Let them see it in the rough."

—And so we have consented to two things

—First, that anyone who wants to go out ahead of the formal opening day may do so, and Second, that we will announce the exact location and give all details, beginning to- morrow.

—This is the last you'll see of the ship, the bag, the joy bugs, the cat and John Honey Moon's family.

—We are down to business now on the finest division ever sold in Piedmont and to- morrow's announcement will prove it.

## Face-to-Face Courtesy

**G**OOD telephone service depends largely upon mutual courtesy. The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the promptest possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy confusion is inevitable, and the confusion is greater when the people cannot see each other.

The operators must be patient and polite under all circum- stances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

## SOCIETY REVEALS AT MASKED BALL

Mrs. C. T. Hutchinson's Calico Function at Country Club Merriest of Events.

No merrier party has been given in the Claremont Country Club than the calico masked ball at which Mrs. and Charles Tripler Hutchinson entertained 125 of the smart set last evening.

The spirit of comedy, merriment and conventional formalities were forgotten. The costumes were bewildering in their brilliant calico effects, and among the absurd grotesqueries were a number of very dainty gowns.

**PLANNED UNIQUE DECORATIONS.**  
There were many commitments for the hostess for the original decorations that caused no end of merriment and surprise. Mrs. Hutchinson had planned them all and the effect was unique and most attractive.

**A Single Application Banishes Hair From Face**  
(Beauty Topics)

Here is a way to remove obnoxious hairy growths while you are preparing your toilet for the evening. Mix into a stiff paste enough powdered delatone and water to cover the hairs wanted. Apply, and in about 5 minutes rub off and every trace of hair comes with it. Washing the skin to remove the surplus delatone leaves it soft, clear and free from blemish. To insure success, be certain that you get real delatone.

room were hung with calico oranges. Several of the room were. The lights were dimmed and the guests were seated at tables decorated with calico flowers. The lights were all shaded with comedy masks.

**AMUSING IMPROMPTU STUNTS.**  
During the evening there were impromptu stunts on the stage in which several of the guests proved their skill.

Supper was served in the tea room where tablecloths and napkins were of gingham in big red and white checks with table decorations of calico flowers. The lights were all shaded with comedy masks.

Mrs. Hutchinson was the most successful disguise of the evening. She was a double lady with two faces, four arms and four feet and no one could tell whether she was coming or going. Her costume was an old-fashioned calico gown with a broad brimmed hat wreathed with calico flowers. Her mask was double and four blonde Dutch braids hung over her shoulders, two in front and two behind. In her arms she held a doll.

**BURLESQUE 1914 MINARET.**  
Mrs. Hutchinson wore a burlesque of the 1914 minaret fashion. His shirt was wide and broad and wired to stand out like a circular platform. A tiny hat and black wig completed the disguise.

Mrs. Harry Chisholm was one of the pretty figures at the ball. In an 1830 gown, or white muslin with pink ribbon and white lace, she was a picture. Miss Florence Henshaw was a Dutch girl and Miss Barbara Brown a small Dutch girl in Delft blue with flaxen braids.

Miss Josephine Johnson was an attractive figure in a white and black calico skirt with a white blouse, big hoop earrings and jangling bracelets.

**OTHER DAINTY COSTUMES.**  
Mrs. William Thornton White was a Dutch girl and Mrs. Stewart Hawley was a shepherdess in a dainty pinner gown of flowered calico.

Mrs. Roger Chisholm was a yellow poppy, one of the most striking costumes of the evening. Miss Nadine Belden wore a 1830 frock of white and Dresden colors and Mrs. Lester Green was a perfect Buster Brown.

One of the effective gowns was the modern Parisian frock of black and white calico worn by Mrs. Herbert Hamilton Brown.

was a red and white. Miss Ernestine McVear was a green and white Yama Yama. Mrs. Dan Belden was "Night" in black and silver.

## DANCE AT COUNTRY CLUB

The calico masked ball given last evening by Mr. and Mrs. Charles Hutchinson, was one of the most original affairs of the season. The costumes were a kaleidoscope of colors and gingham, and there was no end of merriment over them, and over the unique decorations, which were a country fair. About 125

None of the attractive resident districts of Oakland are as busy as the garden contest that is being held at the Grimsley home in Berkeley.

Possibly garden contests are quite common in Oakland when the lawn and flowers of Terrace, Heights and other districts are in bloom.

They are quite as keen about it as the matrons of Newport, where gardening was a craze last summer. Mrs. August Belmont started it. She was Elsie, the daughter of the late John D. Rockefeller, and has done a number of original things since her marriage. Her rose garden at "By the Sea" is famous, nearly as famous as the roses of "Rosecliffe," where Mrs. Belmont assumes all the responsibility of her roses and gives it much of her care. She once said that would be the measure of a summer who did not work in their garden.

Prizes in the Oakland contest are for the best rose garden, the best single flower bed and the most beautiful front yard and there is one for the most useful backyard that sounds delightfully domestic.

Further, competent judges are assured and the prizes are an alluring list of rare plants and seeds for next year's gardens.

## CLAPP-SNOOK WEDDING

The wedding of Miss Edith Clapp and John Cedric Snook in Berkeley last evening, was one of the smart affairs of the season. The bride is the daughter of Professor and Mrs. E. B. Clapp and has been a belle in the exclusive set of Berkeley since her debut a year or two ago. The groom is a son of Dr. and Mrs. John Snook of Berkeley, and is a graduate of the university.

The ceremony was held in St. Mark's Church, where Bishop Sanford, assisted by the Rev. Edward Carson, officiated. Later there was a reception at the Clapp residence for a limited number of guests.

It was a pink and white wedding, following the favorite color scheme of the season, and the flowers used in decorations, such as the bride's bouquet and the reception, were roses and apple blossoms with Easter lilies.

Mrs. Clapp, mother of the bride, wore a handsome costume of old blue charmeuse and lace.

After the wedding supper the young couple departed in a shower of rose leaves, and after a brief honeymoon will go directly to Wyoming where Mr. Snook has business interests and where they will make their home.

## BERKELEY WEDDING

Miss Nan Brunk, daughter of Mr. and Mrs. Peter Brunk, and Harry Trimble of Seattle, were married at a quiet home ceremony at 6 o'clock last evening at the Brunk residence in Berkeley.
